

3RD FALLSCHIRMJÄGER DIVISION - 200 PTS

The division was formed during 1943-44 around a cadre consisting of the veteran 3rd Battalion, 1st Parachute Regiment. It was at full strength and well equipped with 930 MG42s. It arrived in Normandy on 10 June, by truck after a night drive from Brittany. Nominally, the unit was to be motorised, but by June it still had no more than 40% of its authorised motor transport. Several units were attached from II Fallschirmjäger Korps including 12th Fallschirmjäger Reconnaissance Battalion and 12th Fallschirmjäger Assault Gun Battalion.
