

Rapid Signs: VEGHEL

by Chris Woffenden

Designed for use with Hell's Highway: Kampfgruppe Walther's Attack on Veghel, September 1944, a scenario by Don McHugh.

Use the parts shown on the right to make a tabletop model of the famous Veghel signpost.

1. Carefully cut out each part.
2. Fold and glue the parts where needed.
3. Glue the blue and white signpost wrap around a length of plastic rod or scrap of wood for strength.
4. Attach the sign pieces to the post using the photograph as a guide to complete the model.

ANWB Winged Wheel Final
For best results, fold and glue this part before trimming it to shape. Attach it to the top of the signpost.
Spare parts have been provided to allow you to practice your modelling skills.
